\* IFFCO Kisan had proposed to utilise Rs. 1 lakh for soil health test against the budgeted amount of Rs. 3.00 lakh in 14<sup>th</sup> CSR Committee Meeting, held on 17<sup>th</sup> December, 2020 as the farmers under the ongoing activities did not require any more soil tests. However, IFFCO Kisan managed to engage later two more FPOs in Haryana growing horticulture crops where the soil tests were critical as a first step for engagement program in the new season, thus an additional amounts of Rs. 1.36 lakh were utilised.

\*\* Additional soil health test budget of Rs. 2.00 lakh was taken from Training and Capacity Building of farmers on various quality and safe cultivation and production aspects head.
